To Whom It May Concern:

Twin Falls County supports the Children's Museum of the Magic Valley and their efforts to bring a Children's Museum to Twin Falls.

As a prior Director with the Boys and Girls Club of Twin Falls, I know the importance of keeping children engaged in fun learning activities that stimulate their imaginations. A Children's Museum would offer age appropriate, hands-on exhibits and programs to inspire children and encourage their curiosity and critical thinking through interactive play. Having this type of facility in the Magic Valley would provide local families with young children access to an engaging, unstructured educational experience without the need to travel several hours.

I encourage you to support the growth and education of the children in the Magic Valley and ask that you look favorably upon the Children's Museum of the Magic Valley's grant application.

Sincerely,

Don Hall
Chairman
